About me

You can find my portfolio here: portfolio

Summary

I have more than 5 years of experience developing web applications. Part of this period I have worked as a full stack developer. Right now I'm more focused in front-end development.

Work experience

Senior Software Engineer
Since January 2022 Itau Unibanco São Paulo, Brazil
My current position is focused in building web applications using Angular2+ with a microfrontend architecture for Itau's internet banking.

Software Engineer / Tech Lead
From May 2020 to December 2021 Itau Unibanco São Paulo, Brazil
As a tech lead I was responsible for giving support to other team members (mobile and web devs), designing technical solutions and planning new features.

Software Engineer
From January 2018 to May 2020 Itau Unibanco São Paulo, Brazil
Develop web applications for Itau's internet banking. I Worked as a full stack developer using mainlyn Java/SpringBoot to build BFFs, JavaScript, Jquery and AngularJs in the front-end.

Intern
From December 2016 to December 2017 Itau Unibanco São Paulo, Brazil
Assist in the development of web applications for Itau's internet banking.

Summer Internship
From June 2016 to August 2016
University of Southern California Los Angeles, United States
Assist the team of DeterLab in the area of network infrastructure.

Education

Computer Science
From June 2013 to May 2021 Universidade Federal do ABC Santo André, Brazil

Science and Technology
From May 2013 to January 2018 Universidade Federal do ABC Santo André, Brazil

Scholarship
From June 2015 to May 2016 Florida State University Tallahassee, United States
Science Without Boarders - I studied two semesters of computer science at FSU

Skills

JavaScript

I have experience working with JavaScript and jQuery.

Angular

I'm currently working with this framework.

TypeScript

Java / Spring Boot

I have experience developing back-end for front-end applications with Java/Sping.

AngularJs

I worked in several projects using this framework.
